

# Wood Science School 2007

February 26-27, 2007

RISH Satellite Office  
in RDUB, Cibinong, Indonesia

## Program

February 26, 2007 (Mon)

- 11:00 Opening ceremony  
(Japan side: Prof. Shuichi Kawai, Indonesian side: Prof. Lukman Hakim)
- 11:15 Future prospects in tropical fast growing tree studies (Prof. Bambang Subiyanto)
- 11:45 Lunch
- 13:00 Wood in four dimensions - structure, growth and function - (Prof. Junji Sugiyama)
- 14:00 Wood chemistry (Dr. Nyoman J. Wistara)
- 15:00 Coffee/tea break
- 15:30 Genetically modified trees: grow faster (Assoc. Prof. Takahisa Hayashi)
- 17:30 Banquet

February 27, 2007 (Tue)

- 10:00 Development of Wood-Based Materials for Establishing the Resource-Sustainable Society  
(Prof. Shuichi Kawai)
- 11:00 Wooden Construction (Assist. Prof. Takuro Mori)
- 12:00 Lunch
- 13:30 Wood Deteriorating Organisms - biology and control strategies -  
(Assoc. Prof. Tsuyoshi Yoshimura)
- 14:30 Wood Physics (Dr. Wahyu Dwianto)
- 15:30 Coffee/tea break
- 16:00 Academic and social activities of the Japan Wood Research Society (Prof. Yuji Imamura)
- 16:30 Outline of Jakarta Residence, Center for Southeast Asian Studies, Kyoto University (tentative)  
(Prof. Makoto Yoshida)
- 17:00 Closing ceremony (Japan side: Prof. Yuji Imamura, Indonesian side: Prof. Endang Sukara)

## Contact Address

Prof. Toshiaki Umezawa  
Research Institute for Sustainable Humanosphere, Kyoto University  
Uji, Kyoto 611-0011, Japan  
Phone: +81-774-38-3625  
E-mail: [tomezawa@rish.kyoto-u.ac.jp](mailto:tomezawa@rish.kyoto-u.ac.jp)

Organized by

Research Institute for Sustainable Humanosphere  
Kyoto University

Research and Development Unit for Biomaterials (RDUB)  
Indonesian Institute of Sciences (LIPI)
